**Write the following paragraph in your writing notebook:**

Once upon a time, there was an old man who lived in a village with his three sons. Although his three sons were hard workers, they quarrelled all the time. The old man tried to unite them but failed. Months passed by, and the old man became sick. He asked his sons to remain united, but they failed to listen to him. At that moment, the old man decided to teach them a lesson – to forget their differences and come together in unity. The old man summoned his sons, then proceeded to tell them, “I will provide you with a bundle of sticks. Separate each stick, and then break each into two. The one who finishes first will be rewarded more than the others.”
